

FOR IMMEDIATE RELEASE

Encore Re-brands to Emphasize Leadership Position in Electronic Discovery; Now Known as Encore Discovery Solutions

Logo, Tagline and Web Site also Updated to Reflect Focus on Knowledge-based Services

Phoenix, AZ (June 26, 2008) - Encore Legal Solutions, a leading national provider of electronic discovery and related services, announced today that it has changed its name to **Encore Discovery Solutions**. The new name and brand, including a revised logo, tagline and website, are designed to better reflect the company's position as a knowledge-based leader of electronic discovery services.

"We retained the name *Encore* to remind our clients and colleagues that we will not sway from our core values, which start with providing the highest level of client service, as evidenced by our high rate of repeat customers," said Gregory J. Mazares, President and CEO of Encore Discovery Solutions. "The change to the descriptor *Discovery Solutions* reinforces and focuses our efforts on helping our clients address their requirements in electronic discovery and related services."

An updated logo design also includes a new tagline, "Knowledge. Innovation. Results." *Knowledge* reflects the unique skills, experience and expertise in discovery services that Encore's staff delivers to clients. *Innovation* represents Encore's reputation as a leader in finding ways to meet the specific needs of each client. *Results* focuses on the true value Encore brings to clients in helping them achieve favorable outcomes on each and every project.

As a major part of Encore's corporate re-branding program, the company has also launched a new web site at **www.encorediscovery.com**. The site has been constructed to serve as a valuable resource for legal and discovery professionals and will be populated with knowledge, education and information about Encore's services and electronic discovery best practices.

"We are introducing our new corporate branding program and web site to better support the enhancements to our business strategy and organization structure that we have implemented over the past 21 months," added Mazares. "During that time, we have added some of the industry's best talent, expanded our technological infrastructure and production capacity, and forged valuable new alliances, all while continuing to deliver quality results, on time, at value-based prices."

Encore Discovery Solutions is also an active member of the Sedona Conference EDiscovery Panels, the Electronic Discovery Reference Model (EDRM) Projects, and the

primary sponsor of the Legal Transformation 2020 Study. In addition, Encore has been named one of the fastest growing providers of electronic data discovery services by the most recent *AmLaw Tech Survey* as well as a “Top 10” overall services provider in the 2007 edition of the industry-leading *Socha-Gelbmann Electronic Discovery Survey*.

The email address format for Encore staff has been revised to `lastname@encorediscovery.com`, although prior email addresses will continue to work. All phone numbers and physical office addresses remain the same.

About Encore Discovery Solutions

Through a combination of knowledge and innovation, and with a focus on helping clients achieve favorable results, Encore Discovery Solutions provides a broad range of discovery solutions to major law firms and corporate legal departments across the United States. According to independent surveys in 2006 and 2007, Encore is ranked as one of the leading providers of electronic data discovery and related services, including Web hosting, data forensics and collections, imaging, coding and reprographics.
