Trevor Campion Joins Encore Legal Solutions as Senior Vice President of Operations

PHOENIX, AZ - (MARKET WIRE) - May 22, 2007 - Encore Legal Solutions, a leading national provider of electronic discovery and related services, today announced that Trevor Campion has been named senior vice president of operations, overseeing the day-to-day operations of the company.

Campion will report directly to Greg Mazares, president and chief executive officer of Encore, and assume general management responsibilities for the company's national sales, production and operations, and client service functions.

Prior to joining Encore, Campion served as vice president of litigation support and digital solutions for Williams Lea, where he led the technology division of one of the largest full service, business process outsourcing companies in the US and Europe. His group provided electronic data discovery processing, Web hosting, document scanning, and document coding and indexing services. Prior to joining Williams Lea, Campion was senior vice president of national digital document services at Uniscribe, a position he held from March 1999 until the sale of the company to Williams Lea in July of 2005.

"Trevor has an impressive track record of managing complex, multi-unit operations in the litigation services marketplace and he has consistently led companies to achieve profitability by improving sales talent, reducing costs and maximizing customer satisfaction," said Mazares. "We're excited that he has joined the Encore senior management team. Trevor is an accomplished executive in our industry and we think he will be a catalyst to our continued growth within the highly competitive electronic discovery arena."

About Encore Legal Solutions

Through a combination of knowledge, technology and process, Encore Legal Solutions provides a broad range of discovery solutions to major law firms and corporate legal departments across the U.S. According to a 2006 independent survey, Encore is ranked as one of the leading providers of electronic data discovery and related services, including Web hosting, imaging, coding and reprographics.
